Decatur, IL 62521

Second Chance Coffee Company, LLC is a coffee roasting business that was formed in 2007 to accomplish two things—roast and distribute truly exceptional coffee, and help transform the lives of post-prison people in the process. The company roasts and distributes coffee under the brand name “I Have a Bean”. Our model is simple: We meticulously select beans from the top 1% of coffee in the world and then roast and deliver coffee within hours of it being ordered. Pete Leonard, founder of the company invented our coffee roasting machine and processes so that we could deliver the best, most consistent product, highlighting the delicate flavor and aroma nuances of every coffee sold. Roasting in small batches allows I Have a Bean to roast and deliver coffee the same day and allows our customers to enjoy the natural flavors and aroma of truly fresh-roasted coffee.

Second Chance Coffee Company

Second Chance Coffee Company operates under the premise that we can use every part of our business to “love our neighbor as ourselves” to positively impact the spiritual, social and economic condition of our employees, their families and the communities in which they live.

Letters from Inmates

RTJ has had a huge impact on my life over the last seven and a half years of my incarceration. The services that they bring to the Prison give me much hope for my future. I really enjoy the classes and programs like Sexual idolatry and the John Bevere Series. The volunteers bring so much charity. I really appreciate them taking time out of their busy lives to come spend it with me and the others here in prison. This shows me that they truly are people who care. I also greatly appreciate the gifts that RTJ brought in on Christmas. Many of us have very little and that was a blessing. Thank you, RTJ Ministries, for your love and kindness. Thank you for spreading the Word of God and our Savior Jesus Christ to the lost, like I once was.

RTJ Prayer Director

(Intercessor) (Special Needs) (Emergencies)

RTJ is very fortunate to have Tami Banchi as our Prayer Director. All ministries and churches I believe are in need of special prayer warriors constantly.

Tami has been with RTJ for many years. She also goes into the prisons with them and ministers and signs. She keeps those that pray for this ministry aware of the special needs we have. She has a schedule of each prison and the dates that RTJ will be there. She also has a schedule of each church Jim will be speaking at per year. Our intercessors prayer people are very dedicated to special warriors that have become ministry volunteers that also go into the prisons with us as Tami does.

If you would like to be an intercessory Prayer Warrior for RTJ please contact Tami Banchy. Email kimtambo2015@gmail.com Phone 217-413-1698
